## Fire Safety Checklist For Students

Make sure your sleeping room has working smoke detectors.

Plan to survive- know two ways out from your room.

Have food on hand that doesn't require cooking. Cooking when you've had too much to drink increases the chance you'll make a mistake or start a fire.

Buy flameless candles. They come in all sizes, colors and scents.

Make sure you know and practice a fire escape plan.

Talk with your roommates and determine a safe place to meet outside in case.

Clear exits/hallways/stairs. In case of a fire, you'll need to leave quickly.

Clean the dryer lint trap before and after each use. Help keep dryers safe.

Leave quickly when the fire/smoke alarm sounds. Spending time retrieving items increases your chances of being trapped. Leave everything and GO.
